Cave Creek

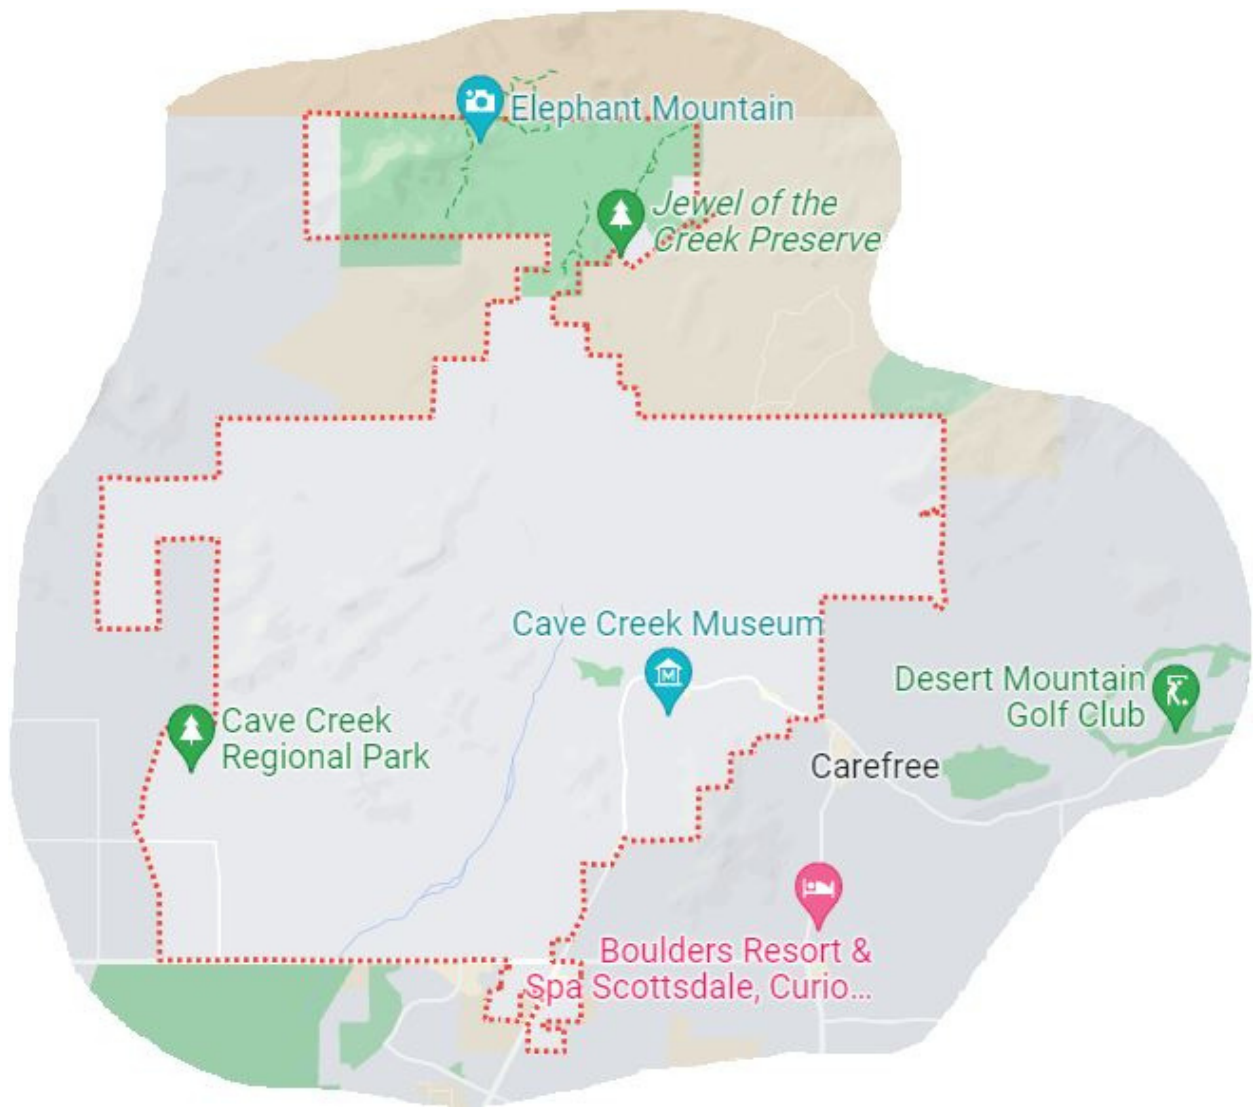

Cave Creek is a community of about 5,000 residents in the Northeast Phoenix Valley. The town is surrounded by Black Mountain and Cave Creek Regional Park... in other words, Cave Creek is an outdoor lover's dream.

A Cave Creek resident may start their morning with horseback riding, followed by shopping in Frontier Town, ending with bull riding at the Buffalo Chip.

Cave Creek has its own western feel with the freedom to work, golf, and enjoy life.

"Why on earth did you move here, Darrell?"

The areas of North Scottsdale, Cave Creek, and Carefree have everything that I envision Arizona luxury living to be:

Fine Dining, Boutique Shopping, World-Class Golf, the incredible High Sonoran desert landscape, and spectacular sunsets. My wife and I first bought a condo as a lock-and-leave getaway in paradise. Trip after trip this place kept drawing us back. Our permanent home is now here in the North Valley.
